Monongalia Academy

THE NEXT SESSION of this Institution will commence on Monday, oth of September. This Institution is situated in the delightful village of Morgantown, Va., in the heart of a most healthy country, on the Monongahela river, making it easy of access by steamboat from Pitteburg,—also within a few hours travel of Pairmont, Va., and Uniontown, Pa.

y Pittsburg,—also within a few hours travel of Bairmont, Va., and Uniontown, Pa.

The course of study as heretofore, viz:—and will be thorough and sufficiently extensive to fit students for entering any class in our Colleges. The utmost care will be given to the health, manners and morals of the pupils, all of which will be under the immediate supervision of the Principal, J. C. Moont, late of Wheeling, Va., assisted by Mr. W. W. Jamisson, late Tutor in Washington College, Pa.

The Board of Trustees flatter themselves that this Institution, under the present instructors, whom they can recommend as well qualified to discharge the duties devolved upon them, with all the advantages arising from the very moderate charges for totion, but little exceeding the half of the usual fees in such institutions; from the location; and the moral and religious character of the community, freeing it from those perulcious influences that endanger the morals of youth in large towns and cities,—will not fall to attract attention and partonage. The Sessions of the School will be divided into quarters of cleven weeks each, and no deduction will be made for lost time, except in cases of protracted illness.

The best Fernale Medicine known.

The best Female Medicine known!

The peculiar maladies to which females are subject, commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength, there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be the mournful truth. Now, to obtain relief, it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the BLOOD, and no medicina accomplishes this desirable result as specific and complete as 'Dr. Gayasutt's Improved Extract of Yellow Dock and Sarsaparilla.'

My wife has been suffering for the space of nearly five years with Scrofula and Cancer, which, I think, found its origin in the derangements of the system peculiar to her sex, while in the mean time she was under the care of the most eminent Physicians in this Section of the country, without deriving any material aid from their preecriptions.

Upon the recommendation of Dr. Cockes, one of our Physicians, who had seen the medicine used with happy effect, I obtained of your Agents here, Messer, Rice & McFarland, one bottle of 'Dr. Guysott's Extract of Yellow Dock and Saraparilla,' and as my wife found be an expected of the state of the

PLAINFIELD, Mich., April 8, 1852.

Mr. John D. Park—Doar Sir—Dr. Guysott' Yeilow Dock and Sarsaparilla is performing some astonishing cures in this place. A Mr. S. B. Strickland has just informed me that one of his children has been entirely cured of a severe case of Scrofula by the use of only one bottle. Ile had tried almost everything that the Dotters had prescribed; but all of no avail, as the child continued getting worse. The sores are now all healed up and the child apparently well, which is justly ascribed to the use of the Yellow Dock and Sarsaparilla. [Signed.]

Complaints tending to
CONSUMPTION.

NO OPPIM.

This syrup contains ne Opinm, Calomet, or any mineral whatever, but is composed entirely of thrise Roots, Herbs, and vegetable substances which have a specific influence upon the Lung, and their connected organs. Its immendate effect is to allay all irritation, and gently remove the palegm and other morbid secretions from the Throat and air-passages; thus releiving the Cough, by subduing the Inflammation and other causes which give to it. It also stimulates and imparts a healthy tone to the Lungs themselves, thereby enabling them more thoroughly to remove from the blood those impurities and diseased particles which, if retained, do so much mischief in the system, and lay the foundation for iscurable CONSUMPTION. It also exerts widecided action upon the skin, and assists nature in expelling, through the Exhalents, muchof that morbid matter which would otherwise be thrown back upon the Lungs, thus relieving them of a part of their work, and rendering the system pure and healthy. When tubercules are forming, it checks their development and further progress; or if ulceration has taken place it assists the Lungs in throwing off the corrupted matter, soothes the irritation, heals the ulcerated cavities, and restores them again to leathly action. This Medicine, therefore, is not a palliative merely, which only relieves for the time being, but is a thorough curative, as it strikes at the very root of the disease, and by removing it removes at once all its remove and attendant consequences. This is its distinguishing characteriatic—a property possessed, in equal power, by no other medicine of like nature now before the public.

Liverwort, Tar and Canchalagna. Nothing can be more safe, congenial or healing to the membranes of the Throat and Lungs, yet at the same time more energetic 4 thorough in the effects than this great remedy for CONSUMPTION, Bronchits and all other diseases which have their seat in the Lungs, or their auxiliary organs. It seems to fall like balm upon their irritated surfaces. The dry cough becomes loose, expectoration removes the cause of the disease, and the espectoration removes the cause of the disease, and the tonic properties of the Canchalagua keep up the strength under the salivary discharge. Liverwort, Tar and Canchalagua possess in their separate subtrances all the elements requisite for the cure of coughs, coids and diseases of the liver, and combined they are irrestatible. THE HUMAN FRAME Is the most perfect masterpiece of mechanis in the universe. Every artery, musels, ligamer and bone exhibits in its formation the wisdon of the Deity. Every joint and since works harmoniously with each other, and upon its natural performance of every function depends the healthful action of the whole.

disorganizes the whole system; it proutates the nerves; it relaxes the muscles; it weakens the points; it interferes with the functions of every organ; it checks the free and healthy circulation of the blood; it parelyzes the absorbents, and renders them unable to take up and renders them unable to take up and renders them unable to take up and renders them wasted form with sound material. For the very moment that this beautiful masseppiece of God becomes afflicted with pain, the influence is experienced throughout the whole system; no matter in what particular locality the pain may originate; whether in the Head; the Feet, the Back, the Kaice Joints, the Elbows, the Teeth, the Guma or the Stomach, whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion, of the human system;—not a nerve or muscle escapes the prostrating influence.

INSTANT RELIEF FROM PAIN Is the great Desiderating of every individual who suffers its tortures, no matter how light or sovere its paroxysms may be. No one can feel happy while suffering its tormonts.

which is the chief cause of nervous pains.

DANGEROUS PRACTICE

DANGEROUS PRACTICE.

The use of Morphine, Strychine, Aconite,
Belladonns, Artica and other poisons, are notonly dangerous but cruel. The effect of these
poisons is not to cure the disease, or to remove
from the system the pains, but to
Deaden the nerves, to weaken and stop the nervous erergy, to paralyze the functions of
the nervous system & destroy sensation.

If this practice is continued for any length of
time the patient will not only waste away, but
the brain will become paralyzed and the intellect destroyed.

Is Free from Morphine, and all other dangerous and narcotic influence. To the weak and paralysed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralysing effect which Morphine and all other preparations containing this poison produce on the system.
